

A Pi Play

By Ivy, Phebe and Millie from Colchester High School

3 What's your name?

.

1 Pi!

4 Like the maths symbol?

1 Yeah!

5 How long are you Pi?

9 I am infinite – I go on forever. No repeats!

2 Slow down!

6 Yeah, my friends call me irrational...

5 I can see why Pi!

3 But I'm useful!

5 How exactly are **you** useful?!

8 Circumferences and areas of circles, for a start!

9 Circles – is that it?! I thought there'd be more!

7 There is more! I help rockets fly!

9 Now that's interesting, is there anything else you do?

3 Physics, engineering, electricity...

2 Be humble!

3 Well you asked!

8 I did. And you know what?! I'm impressed!

4 Of course you are!!!
